Detailed Action

1. The amendment filed on 12-14-2005 has been entered. However, the IDS filed concurrently has not been received.
2. To ensure proper consideration of the prior art document EP 0 186 222 B1 cited on page 2 of the specification, Applicant is requested to provide a copy of the above document in response to this Office action.

Objection to the Specification

The disclosure is objected to because of the following informality:

In paragraph [0014] of the substitute specification, at line 4, "my be have" should read --may have--.

Appropriate correction is required.

Claims Objection

Claims 1, 3-9 and 11-13 are objected to because of the following informalities:

(1) In claim 1, line 14, "the outer free ends" should read --the front free ends-- since it refers to the one previously cited.

(2) In claim 6, line 2, "cutting elements" should read --the cutting elements-- since they refer to the ones previously cited.

(3) In claim 11, line 12, "the outer free ends" should read --the front free ends-- since it refers to the one previously cited.

Appropriate correction is required.

Indication of Allowable Subject Matter

Claims 1, 3-9 and 1-13 are objected to, but would be allowable if amended to overcome the objection as set forth.

Remarks

Telephone calls were made to Mr. James N. Slattery on December 12/29/05 and 1/9/05 to request an approval of a proposed examiner's amendment but did not result in an authorization being made.

Action Made Final

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
